About This Game

ShootMania the FPS “Powered By Players”

ShootMania Storm is revolutionizing the multiplayer FPS by adding a community dimension and unlimited replayability. Developed by the Nadeo studio, renowned for community racing game, TrackMania, ShootMania Storm boasts quick-fire matches and epic battles, where only your talent will distinguish you from the crowd. Alone, or in a team, enter the arena of your choice: maps, modes and rankings, you are free to play as you like and take part in the ShootMania community as it suits you. Earn the respect of your opponents by improving your ranking, winning eSports competitions or creating your own incredible gaming experiences. A community of FPS players awaits you at the heart of the ManiaPlanet network!

Game Features

An Unlimited Gaming World customized For You

- Whether they are classic or developed exclusively for ShootMania Storm, the wide variety of maps and gaming modes offered within the game or created by the community will allow you to live constantly changing experiences.

Innovative Intuitive Playability

- Accessible to many and allowing the best to stand out, ShootMania guarantees fun from the first game to the last.

Tailor-made For Competition

-
- Experience a fight at any time in a spectacular world. The many competitions held on ShootMania Storm offer the best sporting atmosphere.

Pure Multiplayer Delirium

- Many players can take each other on simultaneously! The "matchmaking" system allows players to easily connect to a server on their level, whether for pure enjoyment or competition.

Create Your Own Game

- With its map and script editors, numerous communication tools, Machinima sharing and editing tools, etc., ShootMania Storm offers everyone the opportunity to create and share their own game.

Chinese, Russian, Japanese, Portuguese, Polish, Danish, Dutch, Finnish, Norwegian, Swedish, Hungarian, Czech, Romanian, Turkish

Don't get this game.

The online multiplayer is dead, my friends can't connect to my local server, and there aren't any single-player options.

There is absolutely no reason to buy this.

It's really disappointing though; I was expecting great things from the people who made the fantastic Trackmania series. But, this game is too glitch-filled and abandoned to be played in its current state.
